

## Environmental

PRODUCT	FEATURES/DESCRIPTIONS	RANGE	LENGTH/SIZE	COMPATIBILITY	MODEL	CAT. NO.
Weatherproof Box for ACR Data Loggers <b>1</b>	Ideal for washdown bays or other environments where condensation or other contaminants may contact your Data Logger. Has a metal backing inside to allow the logger to suspend magnetically inside. One external connection sealing system is supplied permitting use of external probes with logger. NEMA 4x rated. Holds up to 3 data loggers.	na	Dimensions: 127 x 127 x 76mm (5" x 5" x 3")	SmartReader, SmartReader Plus, JR., and OWL	WB-100	01-0057
Additional Weatherproof Box External Sealing Connectors <b>2</b>	Use with the Weatherproof box to connect additional external sensors to a SmartReader or SmartReader Plus logger. Will seal up to a 1/4 inch diameter cable.	na	na	Weatherproof Box	WBC-100	21-0011
Gortex® Logger Sock <b>3</b>	Protects loggers from dust and debris while allowing air flow to the logger. Ideal for Relative Humidity loggers.	na	Fits all SmartReader and SmartReader Plus loggers	SmartReader, SmartReader Plus	GLS	27-0027
Thermally Insulated Oven Box <b>4</b>	Allows SmartReader and SmartReader Plus Data Loggers to be put through an oven while the external temperature probes take the measurements.	500°F for 1 hour	175 x 210 x 125mm (7 x 8-1/4 x 5")	SmartReader, SmartReader Plus	HB-001	27-0026
JR. Protective Cap <b>5</b>	Protects the DB-9 connector on the JR. Data Logger from dirt and debris.	na	na	JR.	JR-CAP	21-0032
SmartReader Protective Cap <b>6</b>	Protects the SmartReader stereo jack from dirt and debris.	na	na	SmartReader, SmartReader Plus	SR-CAP	21-0029

## Other

PRODUCT	FEATURES/DESCRIPTIONS	RANGE	LENGTH/SIZE	COMPATIBILITY	MODEL	CAT. NO.
Fast Sampling Battery Pack <b>1</b>	SmartReader Plus Data Loggers require the BP-100 Battery Pack to log at rates faster than once every 8 seconds. A male stereo jack and cable plugs directly into the communication port on the logger. Uses 4 AA batteries (included) and are user replaceable.	na	23 cm (9 inches)	SmartReader Plus	BP-100	01-0078
Data Logger Storage Case <b>2</b>	A convenient way to protect and organize your ACR Data Logger investment. Rugged and stylish, the case is made from Polystyrene for years of solid protection. The inside layout can be customized since the foam is die cut. Key locks provide added security. Can hold up to 21 data loggers plus accessories.	na	Dimensions: 45 x 35 x 16cm (17.75 x 13.75 x 6.50 inches)	All ACR Data Loggers and accessories, notebook computers	SC-100	01-0106
Alarm Module <b>3</b>	Plugs into any SmartReader Plus data port to optically and acoustically indicate the logger has exceeded a threshold setting as setup by the user. There is also a N/O and N/C relay which can be used for other indication devices. Requires a 5 volt power supply (included).	na	107 x 74 x 22 mm (4.2 x 2.9 x 0.9")	SmartReader Plus	AM-100-120 (North American Power Supply).	01-0167
					AM-100-240 (European Power Supply).	01-0168

## POWERWATCH

### Adaptors

PRODUCT	FEATURES/DESCRIPTIONS	RANGE	LENGTH/SIZE	COMPATIBILITY	MODEL	CAT. NO.
Socket Adaptor Style #1 <b>1</b>	Plugs into the Schuko (Europe) version of POWERWATCH to convert the plug-in connection.	240 volt North American	na	POWERWATCH (Europe version)	PWA-001	21-0039
